EDUCATION

Maharaja Agrasen Institute of Technology	2020 – 2024
B.Tech - Computer Science and Technology - CGPA - 9.0	Delhi, India
Little Flower Public Sr. Sec School	2020
Class 12th - PERCENT - 97.6	Delhi, India
Little Flower Public Sr. Sec School	2018
Class 10th - PERCENT - 92.4	Delhi, India

Work Experience

Compro Technologies	Apr 2024 – Present
Associate Software Engineer	Delhi, India
- Contributed to the development of Builder, a comprehensive Learning Management System (LMS) utilized by Vista Higher Learning and Cambridge University - Collaborated with cross-functional teams to deliver new, client-focused features, enhancing LMS adaptability for diverse educational needs - Executed unit testing with Vitest and Jest, reducing bugs and improving software reliability - Technologies Used: React.js, Node.js, Typescript MongoDB, Jest and Vitest	
BossCoder Academy	Mar 2024 – Apr 2024
Software Engineering Intern	Noida, India
- Developed a dynamic Question Chamber for displaying and storing questions and case studies, improving user engagement and interactive learning for 5,000+ users - Designed modular, reusable UI components and integrated APIs to streamline user experience and maintainability - Technologies Used: React.js, Node.js, Typescript and MongoDB for development	
Electrade (Hatchnhack Solutions Pvt. Ltd.)	Jan 2023 – May 2023
Software Development Intern	Delhi, India
- Optimized core APIs, decreasing response time and improving application performance for 6,000+ B2B clients - Developed industry-standard APIs for admin-vendor and inventory management systems - Streamlined customer order process by integrating Shiprocket APIs, enhancing shipping efficiency - Technologies: Typescript, NodeJs, MYSQL, MongoDB, Amazon S3, Zoho APIs	

Projects

StudyNotion 🗒️

- Created a comprehensive **e-learning platform** allowing users to create, access, and rate educational content, **enhancing the user learning experience** across devices
- Implemented secure **authentication**, seamless **payment processing**, and efficient **cloud-based media management**, ensuring a smooth and reliable user experience at scale.
- Technologies:** React.js, Node.js, Express.js, Tailwind CSS, Javascript, MongoDB

YelpCamp 📍

- Real-time **online booking web application** enabling users to create and book campgrounds, and leave reviews
- Implemented **User Authorization** with **PassportJS** for secure logins and sessions
- Users can **locate their campgrounds**, and then see the location pins on the world map view
- Technologies:** EJS, CSS, JavaScript, NodeJS, ExpressJs, MongoDB

Technical Skills

Languages: C/C++, JavaScript, HTML, CSS, SQL

Development: React.js, Node.js, ExpressJs, MongoDB, Bootstrap, Git, Github, RESTful web services

Coursework: Data Structures & Algorithms, Object Oriented Programming, Operating System, Database Management System, Computer Networks

Achievements

- * Solved 800+ Problems on Leetcode, GeeksForGeeks and CodeStudio
- * Ranked as a Top 10 Finalist in **HackNSUT Hackathon 2022** by NSUT
- * Led a tech community with over **650 members**, fostering peer learning and support
